WEST SEATTLE THRIFTWAY—
THE LOCAL TASTE!

The last weekend in July was the annual Local Taste event put on by West Seattle Thriftway. This big 3-day tent sale event spotlighted and featured local farmers and local products to help educate the community on what's available within our own state of Washington. There were over 30 demos each day, vendors with product samples, and great deals with great products! What a great idea to promote locally and recognize all that our state has to offer! Great job, West Seattle Thriftway!
